Your Next Employee Doesn't Need a Desk.

We build AI employees that answer customer questions, qualify leads, capture enquiries and automate repetitive conversations — 24/7.

WHAT YOU GET

- Answer FAQs: services, pricing, hours, locations, policies
- Qualify enquiries so your team focuses on real opportunities
- Capture name, WhatsApp/phone and requirements before the lead disappears
- Configured on YOUR business information (not a generic chatbot)
- Human handoff path when a person should take over
